

Soul Blessings

Lulu Trevena

Art by Laura Bowman

Your path is lined with riches of the soulful kind.

Your gifts are ripe, juicy, and abundant.

They are needed.

Only you can bring them forth.

The time is now.

Step forward.

The divine plan is
written
with
you
in mind,
sweet soul.

*Sisterhood honours.
Sisterhood uplifts.
Sisterhood comforts.*

*It brings us gentleness when we are fragile or vulnerable.
It reminds us of our inner light when darkness clouds us.
It sings the love song of resonance to our bruised heart.
It is an embrace that has an angelic presence.
Sisterhood is love in action.*

*Our own wisdom
is seeking us.*

*The quiet still
voice within.*

*Sleepwalking through
life dulls our ability
to hear it.*

Stay awake.

The veil is thinnest now.
Step through and arrive
at your authentic

self.
